BACKGROUND:

Elohim Foundation was formerly known as The Carpenter's Foundation International, a non-for-profit development and humanitarian organisation founded on the 13th September, 2001 in Abuja –Nigeria. The foundation is the brainchild of Dr. Ibecheole, Julius a physically challenged Nigerian, set out to tackle the challenges of human family preservation through socio-economic intervention.

The Foundation was registered with Cooperate Affairs Commission as a non-for-profit organisation on the 29th April 2002 five years after it started operation in Egbu Owerri, Imo State on 27th of August, 1997. Following its registration, the foundation officially got inaugurated in Abuja on the 13th of September, 2001. And in 2006 its operational office in Niger state was established.

In 2005, 2010 and currently in 2024 Elohim Foundation has gone through strategic structural and program reviews by external consultant development firms with intent to strengthen its operational capacity, efficiency, productivity and impact in line with its broad goals and objectives while keeping in tune to emerging trends.

Elohim Foundation therefore is a system-based organisation with a history of best practices rooted through its dynamic operational policies and regulations, providing evidenced based services to a wide range of clients across Nigeria using dynamic strategic approaches such as partnerships, social movements, advocacy, right based approach, inclusivity, evidence based, research and conferencing.

GOAL

To contribute to the sustainability of the human community through eradication and impact mitigation of conflict and socio-economic challenges while promoting human capacity development.

VISION

Intact family for Sustainable human society.

MISSION

To provide intervention services that addresses the challenges of conflict and sustainable human society, through people centred approaches in both development and humanitarian setting.

ORGANISATIONAL RATIONALE:

a) That life in general is a costly gift of God, which need be preserved and cherished.

b) That as God's ambassadors on earth, we are called to complement creation by giving our all towards its sustenance for today and tomorrows generations

c) That human development is a broad band spectrum that requires the input of all sectors, as governments of nations cannot do it alone.

OUR VALUES

a) RESPECT: We respect the various traditions and loyalties of our co-worker, partners and beneficiaries.

b) EMPATHY: We identify as deeply as possible with people's hurts and concerns.

c) ACCOUNTABILITY & TRANSPARENCY: We spare no effect to being reliable, accurate and open in our operational

d) GENDER EQUITY: We recognise and encourage God given gifts and the acquired skills/ knowledge in both male and female.

e) NON-RACIAL, NON-DISCRIMINATORY: Respect for all Races and ethnic groups.

f) SELFLESS SERVICE: Determination and boldness to services requiring us to be creative, radical, excellent and attractive without being ostentatious and sensational.

OBJECTIVES

1. **Conflict Mitigation & Peace Building:** To promote an enduring family life style and peaceful co-existence among people of all races, tribe, ethnicity, sect, geographic location, and religion within the human community as a tool for sustainable human development and society.
2. **Public Health:** To provide community based public health intervention: health promotion and point of care services, palliative healthcare services while promoting universal access to healthcare for the general public and people with special needs.
3. **Child Development & Gender Programming:** To provide child focused family-based interventions in promotion of a safe environment for the comprehensive development and wellbeing of children, in households; while promoting gender integrations and protection (GBV/GHR) and anti-human trafficking.

4. **Environmental Protection & Agriculture:** To promote green practices towards the protection, sustainability of the earth environment, environmental safety and support smart agriculture while mitigating disaster impact and providing recovery services.
5. **Research and innovation:** To contribute to the sustainability of the human race and society through research and innovation while advancing capacity building through trainings and conferencing, in its fields of operation.

- Gender Integration & Social inclusion
- Participatory Monitoring, Evaluation, Adaptation and Learning

PROGRAMME BENEFICIARIES

Communities, victims of disaster, children, women of reproductive age, adolescent youths, single female parents, widows, marginalised persons (Physically challenged persons).

GOVERNANCE STRUCTURE

Elohim Foundation structure consist of 4 distinct but inter related organs/strata namely: (1) Board of Trustees (BoT), the Office of the (2) Chief Executive Officer/Founder, the (3) Management Board, and the (4) Volunteer Team. The Management Board (MB) is led by the Project Director and supported by 4 departmental managers: the Operations Manager, the Programmes Manager, the Grants/Assets Manager and the Research & Data Management Manager. The MB is supported by the Team Leads/Senior Program/Technical Officers, the Officers, intermediate/Junior Staff. The Project/Community Volunteers are the life-line/foot soldiers of the Foundation. Communication within this structure is both vertical and horizontal within and across organs, departments and personnel.

The BoT is the highest decision organ of the foundation and is vested with the responsibility of issuing institutional ratification & approvals for policy tools, strategic & annual plans and budgets, and have over-sight function of monitoring the overall operations of the management team lead by the Project Director. The MB is responsible for the day-to-day running of the foundation's operations and programmes through the support of the various coordinating programme/operational units that is led by a Senior Program/Technical Officers or Team leaders across the units within the 4 departments. Each of this unit is tasked with implementing the operations and programmes of the foundation, they are the field officers. In-line with the operational policy of Elohim Foundation, each of the organs in the structure is manned by classified category of professional skilled personnel with adequate experience suited for their task.

Membership to the BoT is through nomination by existing members and the management board of the foundation through an open nomination circular while the composition of the MB and the coordinating programme unit is by employment. Whereas the Volunteers engagement is project specific and voluntary. The BoT meets twice a year while the MB meets monthly and the unit teams meets weekly.

Elohim Foundation board is composed of seasoned professionals from diverse field. Its team of board members are a group of 7 passionate and pragmatic trustees, with each as members of a technical working group within the four (4) departments of the foundation which are namely: TWG on Programmes, TWG on Finance, TWG on Research and Data Management and TWG on Human Resource & Administration. Since registration with CAC in 2002, the Board have been reconstituted twice, first in 2010 and now in 2024 still under process with Cooperate Affairs Commission (CAC).

Policy Statement

Elohim Foundation recognizes that environmental sustainability is fundamental to human well-being, social justice, and economic development. We are committed to reducing our environmental footprint and integrating sustainability principles into all aspects of our operations, programs, and partnerships.

Purpose

This policy outlines how Elohim Foundation will:

- Minimize its environmental impact.
- Promote environmental awareness and sustainability in its programs.
- Support communities to adapt to climate change and manage natural resources sustainably.

Scope of Application

This policy applies to:

- All Elohim Foundation offices, staff, volunteers, programs, and partners.
- All stages of project planning, implementation, monitoring, and evaluation.

Guiding Principles

- **Precautionary Principle:** Act to prevent environmental harm where there is a risk of serious or irreversible damage.

- **Do No Harm:** Ensure our activities do not negatively impact ecosystems, water sources, or local biodiversity.
- **Sustainable Development:** Align with SDG 13 (Climate Action), SDG 6 (Clean Water), and SDG 15 (Life on Land).
- **Community Engagement:** Work with local communities to promote sustainable practices and environmental education.

Our Commitments

A. Internal Operations

- Reduce energy consumption by promoting efficient lighting, appliances, and office habits.
- Minimize paper use through digital documentation and double-sided printing.
- Implement proper waste sorting and recycling systems in our offices.
- Promote responsible procurement (e.g., eco-friendly office supplies, local sourcing).

B. Program Design and Implementation

- Incorporate Environmental and Social Impact Assessments (ESIAs) into project planning.
- Support sustainable agriculture, renewable energy, and nature-based solutions.
- Promote climate-smart technologies and local adaptation strategies in rural projects.
- Avoid projects that may cause deforestation, water pollution, or soil degradation.

C. Community Engagement

- Raise awareness on climate change, waste reduction, and reforestation.
- Train community members on environmentally responsible practices.
- Partner with local environmental groups and schools to promote green practices.

D. Compliance and Donor Alignment

- Comply with Nigerian environmental laws and regulations (e.g., NESREA guidelines).
- Align with donor requirements on environmental and climate safeguards.

Roles and Responsibilities

- **Board of Trustees:** Provide strategic direction and ensure policy compliance.

- **Executive Director:** Oversees policy implementation across programs and offices.
- **Environmental Sustainability Officer (or designate):** Monitors initiatives, leads training, and reports on progress.
- **All Staff and Volunteers:** Expected to comply with and promote environmental responsibility.

Monitoring and Evaluation

- Environmental performance indicators (e.g., waste reduction, energy use) will be tracked annually.
- Project proposals and reports will include environmental impact considerations.
- Lessons learned from community interventions will inform continuous improvement.

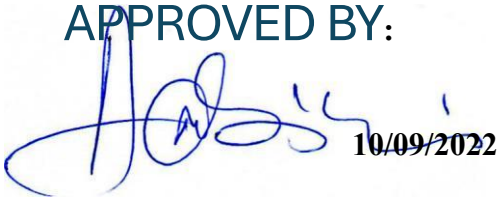

Training and Capacity Building

- Annual internal training on environmental practices and sustainable development.
- Specialized training for project staff working in agriculture, construction, or natural resource management.

Policy Review and Updates

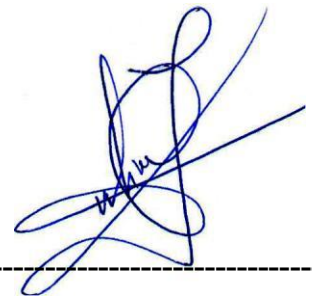

This policy will be reviewed every five years or as required by legal or operational changes. Staff and partners will be consulted during revisions.
